

Sharpen your skills with Grow America's 2026 webinar series and short courses

Explore our latest offerings for housing, community, and economic development professionals

Grow America's 2026 webinar lineup delivers targeted training to help you build new skills and stay ahead of the curve. The twelve-part series covers everything from LIHTC fundamentals to credit, underwriting, and CDFI funding. New short courses provide hands-on practice in financial analysis, underwriting and developer proposal evaluation.

All sessions count toward Grow America's recertification requirements—making them a smart investment in your professional development.
